## St Nicolas' Harvest Appeal 2020

This year our harvest appeal is responding to the global pandemic and we will be supporting 3 of our mission partners in Africa who are working to provide essential food supplies for their communities at this time:

- 1) The Miriam Dean Fund CODI partners are wanting to purchase an incubator for a chicken farm in a slum district of Nairobi, Kenya; the children's groups at St Nics are focussing on raising money for this.
- 2) The Biojemss family are farming their land to share the crops, and setting up a piggery to provide pigs as a source of income, for local families in the Rukungiri area of Uganda (St Nics helped them to purchase this piece of land through our harvest appeal in 2018);
- 3) The Hope for Africa Church in Lesotho are farming their land to provide essential food supplies for local families.

At our Sunday services in October we will be hearing about each of these projects and praying for them.

Please pray for these organisations and give generously, if you can, to help many in communities where there is little (if any) infrastructure to support them during the coronavirus pandemic.

Our donations will be divided equally among these three projects.

To make a donation, please see the info on the Gift Aid form. If you are able to donate by BACS, that would be appreciated from an administration point of view! Thank you.
